Filesize: 4.18 MB

Reviews

It is simple in study safer to understand. It can be full of knowledge and wisdom Your way of life span is going to be enhance when you full looking at this book.

(Lavina Torp)

THE IMPROBABILITY PRINCIPLE: WHY COINCIDENCES, MIRACLES, AND RARE EVENTS HAPPEN EVERY DAY

DOWNLOAD

Farrar, Straus Giroux Inc, United States, 2015. Paperback. Book Condition: New. 208 x 137 mm. Language: English . Brand New Book. In *The Improbability Principle*, the renowned statistician David J. Hand argues that extraordinarily rare events are anything but. In fact, they're commonplace. Not only that, we should all expect to experience a miracle roughly once every month. But Hand is no believer in superstitions, prophecies, or the paranormal. His definition of miracle is thoroughly rational. No mystical or supernatural explanation is necessary to understand why someone is lucky enough to win the lottery twice, or is destined to be hit by lightning three times and still survive. All we need, Hand argues, is a firm grounding in a powerful set of laws: the laws of inevitability, of truly large numbers, of selection, of the probability lever, and of near enough. Together, these constitute Hand's groundbreaking Improbability Principle. And together, they explain why we should not be so surprised to bump into a friend in a foreign country, or to come across the same unfamiliar word four times in one day. Hand wrestles with seemingly less explicable questions as well: what the Bible and Shakespeare have in common, why financial crashes are par for the course, and why lightning does strike the same place (and the same person) twice. Along the way, he teaches us how to use the Improbability Principle in our own lives including how to cash in at a casino and how to recognize when a medicine is truly effective. An irresistible adventure into the laws behind chance moments and a trusty guide for understanding the world and universe we live in, *The Improbability Principle* will transform how you think about serendipity and luck, whether it's in the world of business and finance or...
