## Green Building Trends: Europe (Hardback)

By Jerry Yudelson

Island Press, United States, 2009. Hardback. Book Condition: New. 254 x 206 mm. Language: English . Brand New Book. This title is the first in a series of essential overviews of green building trends from around the world. The green building revolution is a worldwide movement for energy-efficient, environmentally aware architecture and design. Europe has been in the forefront of green building technology, and Green Building Trends: Europe provides an indispensable overview of these cutting edge ideas and applications. In order to write this book, well-known U.S. green building expert Jerry Yudelson interviewed a number of Europe's leading architects and engineers and visited many exemplary projects. With the help of copious photographs and illustrations, Yudelson describes some of the leading contemporary green buildings in Europe, including the new Lufthansa headquarters in Frankfurt, the Norddeutsche Landesbank in Hannover, a new school at University College London, the Beaufort Court Zero-Emissions building, the Merck Serono headquarters in Geneva, and a zero-net-energy, all-glass house in Stuttgart. In clear, jargon-free prose, Yudelson provides profiles of progress in the journey towards sustainability, describes the current regulatory and business climates, and predicts what the near future may bring. He also provides a primer on new technologies, systems, and...
